Profile Summary

Motivated and detail-oriented developer with hands-on experience in HTML, CSS, Python, Django, and SQL. I enjoy building clean, responsive web interfaces and developing efficient backend systems. I have experience working with Django to create dynamic web applications and writing optimized SQL queries for data handling. I am eager to apply my skills to real-world projects, learn new technologies, and contribute to a collaborative development team.

Education

Shriram Group of College (SRIIT) - Bachelor of Technology in Computer Science - CGPA 7.4	Dec 2021 - June 2025 Gwalior, Madhya Pradesh
Kiddy's Higher Secondary School (KHSS) - Higher Secondary School XII - 77 Kiddy's Higher Secondary School (KHSS)	May 2020 - Mar 2021 Sabalgarh-, Madhya Pradesh
- Higher Secondary School X - 81 - Internship	May 2018 - Mar 2019 ▪ Sabalgarh, Madhya Pradesh

Teaching Hub — Remote Sept 2024 – Oct 2024	Data Science & Machine Learning Intern
- Worked on end-to-end data analysis and machine learning tasks including data cleaning, feature engineering, model building, and performance evaluation. - Implemented supervised and unsupervised ML algorithms using Python, NumPy, Pandas, Scikitlearn, and Matplotlib. - Prepared clear visualizations and reports to explain model performance and insights. - Collaborated on real-world datasets and delivered structured, production-ready code.	

E-Commerce Web Application Django, Python, MySQL, REST APIs - Developed a full-stack e-commerce platform using Django following the MTV architecture with modular app design. - Designed and implemented relational database models for products, categories, users, orders, and payments using MySQL with optimized indexing and foreign key constraints. - Built RESTful APIs using Django REST Framework to handle product listing, cart management, order placement, and checkout workflows. - Implemented user authentication and authorization with secure password hashing, session management, and role-based access control. - Developed dynamic shopping cart functionality with real-time price calculation and inventory validation.

Technical Skills

Language- , Python, HYML, CSS, MYSQL, Maths
Frameworks-Django
